

Semi-Automatic

CRESCO

- EXTRA LOW COST
- SEMIAUTOMATIC
- EASY TO USE

TECHNICAL DATA

Height	2238 mm
Width	1500 mm
Length	2426 mm
Turntable height	86 mm
Weight	300 kg
Power supply	230 VAC
Power absorption	1 kW

CRESCO

It is a small machine, but
it can do a big job!

In creating Cresco, the C-One team looked at the essential points. Cresco has only what it is really needed for a good wrapping machine: inverter for the turntable, inverter for the carriage, film stretching adjustment, pallet height sensor, bottom and top turns adjustment, zero position stop, three working cycles (up & down, only up, top-sheet), two working modes. 3 programs can be saved by the customer, including a completely customized cycle thanks to the "Playback" mode. Even the structure is the result of a simplification process. Cresco is simply the core of what you need: a stretch wrapping machine. That's it!

THE PERFECT WRAPPING

Semi-Automatic

CRESCO

PRODUCT SPECIFICATIONS

- Electronic printed circuit board for the management of the cycle
- Frequency controller for turntable speed adjustment (from 3 to 12 RpM)
- Frequency controller for carriage speed adjustment (speed going up and speed going down can be set differently)
- Loading plate \varnothing 1500 mm
- Maximum wrapping height: 2200 mm
- Maximum size of the pallet: 800x1200 mm
- Maximum loading weight: 1200 kg
- Electromagnetic brake for film stretching
- Photocell for pallet height detection
- Safety stop at the base of the carriage
- Stop at 0 position
- Power board IP54
- 4 digits display
- 2 access keys (including lock mode)
- Adjustable parameters by the control panel: cycle selection, bottom turns, top turns, rotation speed, carriage speed going up, carriage speed going down, film tension.
- Many parameters available at upper password level
- Reinforcing operation
- 3 working cycles: ascent/descent; topsheet; only ascent
- 3 programs can be saved by the customer
- "Playback" special cycle
- 2 working ways: semimanual, semiautomatic.
- Acoustic warning at the cycle beginning and stop
- Autodiagnostic
- Powder coating
- Braked turntable at the end of the cycle
- 2 years warranty

MAIN OPTIONS

- 1650 mm turntable
- 2000 kg max pallet weight
- 2500 mm wrapping height
- Ramp
- Pit frame
- Photocell for dark loads
- Power pre-stretch carriage
