

500 RANGE SCALES

WIND SERIES

 WIND SERIES scales belong to 500 RANGE, the new family of DIBAL scales, outstanding for design, technology and performance.

Capacities

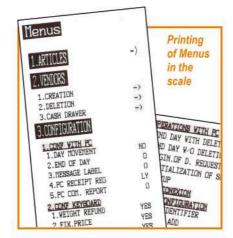

- Mono-range (3.000 divisions): 15 kg - 5 g
- 30 kg 10 g
- Multi-range (3.000 divisions):
 6kg-2g # 15kg-5g
 15kg-5g # 30kg-10g
- Mono-range (6.000 divisions):

12 kg - 2 g 30 kg - 5 g

Display

- Segments display or graphic display.
- Both of them can show weight, price, total and tare, active vendors and name of the product.
- Additionally, graphic display can show logos, publicity, profitability codes (in vendor side) and allow to choose between 4 "screen designs".

Amazing functionality

- Depending on model, WIND Series scales are supplied with up to 5.000 PLUS, up to 45 preset keys and up to 10 vendors (see table of models).
- Complete information for each PLU:
- Regular price.
- Price by weight segments and per kg/100 g (W-020 and W-025).
- 2 names of 20 characters (1 name in W-010 and W-015).
- 10 free texts of 24 characters (5 texts in W-010 and W-015).
- 1 text of 1.024 characters (W-025).
- Profitability code.
- Sales and management reports: sales (by article, vendor, time slots, last month,...), margins, cash drawer report, last modified PLUs,...
- Fast and reliable communications among scales, PC and mobile devices including new DWS (Dibal Web Server).

Easy programming and operation

- WIND Series scales have been designed thinking on the needs of users and service departments:
- -"Drill-Down" Menus.
- Menus can be printed in the scale.
- Special keys for direct access to programming menus: change a price, include a new PLU or vendor, sales reports,...
- Direct access to 999 PLUs from keyboard.
- -Search of PLUs by number (W-020 and W-025).
- Search of PLUs by name (W-020 and W-025): typing the initial characters of the name, the display shows the matching items.
- -2 programmable "Macros" (W-020 and W-025): recording of a sequence of keys, to create a "shortcut" to any task: change of batch number, access to programming parameters, receipt reopening, reports, etc.
- Security: configurable password system.

Stocks management in the scale

- Entry of initial stock.
- Register of sales, deducted from stock.
- Display and print reports of stock by PLU.
- Adjustment of stock after physical inventory.
- . Information can be sent to PC.

Table of Models

DIBAL

Printing

- High resolution (2", 54 mm) and fast printer: up to 100 mm/second (80 mm/s in W-010/W-015 and 60 mm/s in "B" models with internal battery).
- Receipts:
- Up to 40 lines.
- -2 fixed formats + 1 programmable (W-020W-025). (only 2 fixed formats in W-010 and W-015 models)
- -4 logos per receipt (W-020 and W-025).
- Vendor's name (W-020 and W-025).
- -9 payment modes.
- Total in €, old national currency and 2 additional currencies.
- Discounts on line and total.
- Clients on account (W-020 and W-025).

Labels:

- 20 fixed formats + 10 programmable (W-025). (20 fixed + 5 programmable in W-015)
- From 30x30 up to 60x100 mm (W-025). (up to 60x80 mm in W-015)
- -40 logos.
- -40 fields of information.
- 100 programmable texts.
- Manual and automatic pre-packing modes.
- 3 levels of totals (W-025).
- Printing of a preset number of copies (W-025).
- Printing with 90°-180°-270° rotation (W-025).
- "Opto" automatic adjustment for paper detection.
- Global expiration date (W-025).
- Alphanumerical batch (W-025).

Barcodes

- WIND SERIES scales can print in both receipts and labels EAN-13 and GS1 DataBar barcodes.
- Moreover, W-020 and W-025 models also allow the connection of a scanner, powered by the scale (5 VDC), to read these barcodes.

Generic traceability (labels)

STEVE WHITLAND

Att. by:

- Including EU Bovine Meat Regulations.
- 2 types of generic traceability (for meat, fish, fruits, vegetables,...) and up to 20 products in W-025 (1 type and up to 10 products in W-015).

Fiscal mode (dep. on countries)

 With this option activated, the scale will keep a full copy of all receipts printed, allows printing a list of them and keeps consecutive numbers of receipts throughout the fiscal period.

- Local/remote, with/without assistance.
- Internal firmware updateable from PC.
- On line checking and modification of technical parameters, by means of optional DWS (Dibal Web Server).

Power supply - Rech. Batteries

- Mains: 110 or 230 VDC.
- "Anti black-out" battery, optional depending on models.
- "B" models, with long lasting internal rechargeable battery: up to 36 hours. (calculated for 1.000 receipts, 3 articles per receipt).*
- Optional external battery connector.
- * With segments display and backlight off. Load and range of rechargeable batteries can vary substancially depending on temperature, age and general state of batteries, printing frequency, networking, etc.

Formats and Dimensions

Communications

- Interconnection and computer connection of scales based on ETHERNET TCP/IP, as standard, and Wi-Fi (802.11) or Homeplug, as an option.
- In Wi-Fi communications, Access Point is not needed, as the Wi-Fi internal module of scales can be configured as Access Point.
- Interconnection of up to 10 scales per section (5 in W-010 and W-015 models), on "master + slaves" or "master + submaster + slaves" configuration.

PC Software

 Several applications are available, running on Windows, to connect WIND SERIES scales to PC:

RMS: Retail Management Software **DLD:** Dibal Label Designer

 RMS+DLD: programming the scales, design labels/receipts (DLD) and commercial management of data received from scales (lists, invoices, warehouses, customers, offers, etc).

DFS: Dibal Friendly Software **DLD:** Dibal Label Designer

- DFS+DLD: programming the scales, design labels/receipts (DLD) and reception of data with fully configurable lists. It stands out for its ease of use, speed of communication and simultaneous connection with all scales.

 Moreover, Dibal supplies integration tools running on Windows or Linux, to facilitate the integration with customer's

Web Server

- WIND SERIES scales can incorporate DIBAL WEB SERVER (DWS) embedded, allowing access to each scale -through the IP address- from any computer or mobile device (smartphone, tablet,...) with web browser. Access is protected by several levels of passwords.
- Thanks to DWS, many parameters of the scale can be remotely checked and/or modified:
- Technical Service: consult and modification of technical parameters.
- Sales Information: consult of total and detailed sales.

- Information and Management:

S.A.
